

# MIET

## INTERNATIONAL SUMMER SCHOOLS

### JULY - AUGUST 2019\*

\* Duration of Summer Schools is 2 weeks (2 ECTS).

MIET is an advanced university of Russia, training high-qualified professionals in microelectronics, nanotechnology in electronics, information and telecommunication technologies, fundamental sciences as well as in economics, graphic design and linguistics.

The university is situated in Zelenograd (Russian Silicon Valley) since 1965), the center of Russian microelectronics and a quiet Moscow district.

MIET invites the universities that might be interested in cooperation. Special offer for Summer School groups: free participation and accommodation for 1 or 2 staff members with every group of more than 20 students.

### Summer Schools' Topics:

- ✓ 5G Technologies
- ✓ Computer Science
- ✓ Software Project Management
- ✓ Russian Language and Culture

Cost: 700\$ (educational and cultural program + accommodation).
